Fun system overview

Activities in Master Action List

- Time blocks for working on:
 - ▲ Long-term fun planning
 - ▷ Critical concepts
 - Know "what makes your mouth water." Things I want to do are on my radar. This is an informed rather than naive knowledge.
 - Calendarize the search for these
 - Calendarize the actions necessary to implement your fun life
 - ▷ Actions necessary to ...
 - Get my fun system set up and organized
 - ▲ Medium term fun planning
 - ▷ Actions necessary to ...
 - Know what I might want to do over the next couple of years
 - Create the major dated items necessary to calendarize these desires
 - ▲ Weekly fun planning
 - ▷ Actions necessary to ...
 - Review dated items and reschedule if necessary
 - View the weeks ahead and schedule the
- Fun events
 - ▲ Event fun planning and preparation
- Daily reminder to scan for items of future interest and to enter them in your exploration system
- Activity/ event support actions necessary to have a complete schedule
 - ▲ Think through what to take
 - ▲ Pack up stuff
 - ▲ Drive to (could be multiples) ...
 - ▲ Actions necessary to get back to normal after the event

Fun menu

- Document structure
 - ▲ Columns
 - ▷ Outline (focusing attention)
 - Fun ideas
 - ✓ Category
 - * Sub category
 - Details
 - ✓ Example: Fun ideas
 - * Water fun (category)
 - Kayaking (sub-category)
 - Power boat cruising, skiing, tubing (sub-category)
 - * Beaches (category) (I'm drawn to the idea of "costal living" but I don't really like being at the beach - need to understand the attraction)

- ▷ Row type ("category," specific categories, "support file")
- ▷ Evaluation (must, really want to, ...)
- ▷ Annual desired frequency (weekly, monthly, ...)
- ▷ Notes
- ▷ Explore (yes)
- ▷ A duplicate set of columns for fun partner (where do we match and conflict)
